

Final seminar

Homework assignments discussion

Plan for today

1. Overall assignments discussion (in group and in common room)
2. Discussion of methods
3. Methods presentation
4. Conclusion

Discussion roadmap

- Name 2-3 things that you liked about each task
- Name 2-3 things that could be improved
- What was the most difficult thing about the assignments?
- How much time did it take to describe methodology and results?
- How difficult was it to improve over baselines?

Method presentation

1. Which of the Transformers was used to solve the task?
2. Did you finetune it? Trained from scratch?
3. Did you use additional data?
4. Position at CodaLab (both dev and test)
5. Why did you choose this method to present?
6. What could be improved? Maybe some ideas from other methods
